Credit Card Safety Tips

- * Only give your credit card account number to make a purchase or reservation you have initiated. And never give this information over a cellular phone.
- * Never give your credit card to someone else to use on your behalf.
- * Watch your credit card after giving it to store clerk to protect against extra imprints being made.
- * Save all receipts, and compare them to your monthly bill. Immediately report any discrepancies.
- * Keep a master list in a secure place at home with the account numbers and phone numbers for reporting stolen or lost cards.
- * Carry your credit cards separate from your wallet.
- * Always report lost or stolen cards to the issuing company immediately.
- * This limits any unauthorized use of your card and permits the company to begin the process of issuing a new card.
- * Destroy any carbons. Do not discard into trash can at the purchase counter. Keep charge slips in a safe place.
